

KTB Security Tape

High Quality Tamper Evident Tape

TydenBrooks Security Products Group is now offering KTB Security Tape to satisfy an ever increasing demand for a high quality cost effective tamper evident tape.

The buff coloured tape is deliberately low key; it was specifically designed not to attract attention to the boxes contents as many security tapes do. If the box is tampered with the surface layer peels away to reveal a tamper evident message and the tape cannot be re-applied. Removal of the surface layer will also render the box un-save as the tape is no longer holding the box securely closed.

Colour		Buff
Width		50mm
Length		50 Metres
Core I/D		76mm
Quantity per Box		36 Rolls
Minimum Order		1 Box
